

In association with

5th Annual Meeting

ADVANCED CARDIOLOGY

MEETING OF THE CARDIOLOGISTS

&

Fellowship of European Society of Cardiology

FESC

International Program

Scientific Program

Mumbai
JANUARY 19-21, 2018

Venue : Hotel Renaissance, Powai, Mumbai

Day I - Friday, 19th Jan 2018

Time	Program
1.00-2.00pm	Registration & check-in
2.00-3.30pm	<p>Discuss & Debate Cases</p> <p>CP - M.S. Hiremath, N.V. Deshpande</p> <p>Primary PCI in AMI</p> <p>15 min Case I - A Bhagwat</p> <p>15 min H Thiele - Radial or femoral approach: What is the default strategy?</p> <p>10 min Discussion</p> <p>15 min Case II - N.V. Deshpande</p> <p>15 min H Thiele - Thrombus aspiration in STEMI : do it selectively or forget it</p> <p>10 min Discussion</p>
3.30-5.00pm	<p>Discuss & Debate</p> <p>Management of high risk ACS patients</p> <p>CP - M.S.Hiremath, P. Shetty, H.M. Mardikar</p> <p>20 min N.V. Deshpande - Case</p> <p>10 min Discussion</p> <p>20 + 5 min D Bhatt - High risk patients of ACS : a need better risk stratification & management</p> <p>20 + 5 min H Thiele - Multivessel PCI in acute coronary syndrome & shock</p> <p>Discussion</p>
5.00-5.30pm	Break
5.30-7.00pm	<p>Intelligence Augmented I: Better stroke prevention in A Fib</p> <p>CP - J.J.Dalal</p> <p>5 min Introduction - J.J.Dalal</p> <p>8 min Uncertainties in stroke prevention - A Bhagwat</p> <p>20 min B Gersh - Risk stratification for Stroke In AF :A critique</p> <p>20 min D Holmes - Devices are rapidly changing the landscape</p> <p>15 min Audience interaction</p>
7.00-8.30pm	<p>Live-in-a-Box-Case: Coronary revascularization in stable angina</p> <p>CP - R Mathew, A Bhagwat, A Dasbiswas</p> <p>Introduction</p> <p>20 min MS Hiremath - (Live-in-a-Box-Case) Multivessel disease with stable angina</p> <p>18 min B Gersh : Management of multivessel disease in diabetics: Evidence and uncertainties</p> <p>18 min D Bhatt : Invasive FFR: the ultimate decision maker?</p> <p>10 min Discussion</p> <p>5 min Summary</p>

Day II - Saturday, 20th Jan 2018

Time	Program
8.00-9.00am	Breakfast Symposium : Case presentation & Any question CP - M.S. Hiremath, P Shetty, R Mathew
10 min	H Thiele - Mechanical support on PCI
10 min	S Windecker - Percutaneous Valvular interventions
20 min	Discussion
9.00-10.30am	Management of Stable CAD CP - J.J. Dalal, A Banerjee, H.M. Mardikar
18 + 4 min	R Ferrari- State of art medical management
18 + 4 min	D Holmes - The field of CTO - PCI
18 + 4 min	J Bax - Role of viability testing before revascularization in stable CAD
18 + 4 min	B Gersh - Stable coronary artery disease and left ventricular dysfunction: The role of revascularization
10.30-11.00am	Break
11.00-12.30pm	Live in a Box PCI for Left Main with multivessel disease : do we have the evidence? CP - M.S. Hiremath, P Shetty, N.V. Deshpande
20 min	Case - R Mathew
8 min	B Gersh - introduction
20 min	S Windecker - From DES to imaging guided DES for left main PCI
20 min	D Bhatt : Optimal revascularization strategy for left main stenosis
15 min	Discussion
12.30-2.00pm	ESC Symposium: Future Cardiology CP - J.J. Dalal, R Mathew
22 + 8 min	J Bax - Sudden cardiac death: The role of imaging
22 + 8 min	D Holmes : The future of Interventional cardiology
22 + 8 min	K Fox - Management of multi-morbidity in atrial fibrillation: not just stroke prevention
2.00-3.00pm	Lunch
3.00-4.00pm	Future management of Heart failure CP - J.J. Dalal, P Kerkar, B Pinto
5 min	Introduction - J.J. Dalal
25 min	Prof. John McMurray
25 min	Discussion
5 min	Summary - B Pinto
4.00-5.30pm	Intelligence Augmented II - Management of cardiogenic shock: Discuss with the trialist CP - K Fox
5 min	Introduction - M.S. Hiremath
22 + 5 min	B Gersh - The role of the pharmacoinvasive strategy and can it prevent cardiogenic shock
22 + 5 min	H Thiele : Culprit shock and beyond
30 min	Discussion
5.30-6.00pm	Break
6.00pm	Mumbai Cardiology Club Symposium CP - M.S. Hiremath, J.J. Dalal, B Pinto, H.M. Mardikar, R Mathew
	Thrombo-Cardiology after COMPASS
22 min	D Bhatt : COMPASS eligible patients - what are the options?
22 min	K Fox : Personalised antithrombotic therapy of future - Is Rivaroxaban NOAC of all seasons?
	Discussion
22 min	S Windecker - Stenting for stable angina after ORBITA
	Panel Discussion - S Windecker & H Thiele
8.00pm	Dinner

Day III - Sunday, 21st Jan 2018	
Time	Program
8.30-9.30am	The Fellows Breakfast with the faculty (only for new fellows)
10.00-11.30am	Convocation Group Photograph

Day III - Sunday, 21st Jan 2018	
Time	Indian Cardiologist of Tomorrow Program
8.30-9.00am	Introduction Why this program? - F Pinto Career options for young cardiologists - J Bax
9.00-10.15am	State of the art in management of ACS & AMI CP - M.S. Hiremath, N.V. Deshpande
35 min	Case I K Fox - GRACE Discussion
35 min	Case II D Bhatt - DAPT Discussion
10.15-11.30am	Grand Round on stroke prevention & A Fib CP - D Bhatt, B Pinto
5 min	Case I
10 min	Expert Comments - K Fox
15 min	Discussion
5 min	Case II
10 min	Expert Comment - D Bhatt
15 min	Discussion
11.30-12.00pm	Break
12.00-1.15pm	Imaging for cardiologists CP - F Pinto, R Ferrari, N.V. Deshpande J Bax - CT Coronary Imaging C Ducci - MRI for myocardial evaluation Discussion
1.15-2.30pm	Workshop on Rotablation & PCI D Gambhir/M.S. Hiremath/P Shetty
2.30pm	Group Photograph & Lunch
