CAD CONFERENCE

30th September - 2nd October 2016, Mumbai

CARDIOLOGY & DIABETES
The Cardiovascular Society of India (CVSI) has been organizing Cardiology & Diabetes (CAD) Conference for Indian cardiologists, physicians, and diabetologists since 2001. CAD has now strengthened collaboration with the European Society of Cardiology (ESC), organizers of the largest gathering of cardiovascular professionals in the world.

**Steering Committee**

Shirish (M.S.) Hiremath, Pune  
Harshawardhan Mardikar, Nagpur  
Shailaja Kale, Pune  
Jamshed Dalal, Mumbai

**Course Directors**

Rony Mathew, Kochi  
Ajit Bhagwat, Aurangabad  
Niteen Deshpande, Nagpur

**Cardiology Symposium Directors**

Tiny Nair, Trivendrum  
Nagraj Desai, Mysore  
SS Iyengar, Bangalore  
Venkat Ram, Hyderabad

**Diabetes Symposium Directors**

Awadhesh Singh, Kolkata  
Shehla Malik, Mumbai  
Mathew John, Trivendrum  
Sanjiv Shah, Mumbai
**Program Highlights**

**For Those who like to listen**

- World Class Speakers in the field of Cardiology and diabetes
  Main Hall - 3 days of didactic lecture

**For Those who like to Discuss**

- Meet the expert sessions
  Discuss & share your views with experts on unresolved issues

- 90 Minutes Sessions
  Experts panel on one disease / one therapy

- Round Table Sessions
  Be a part of across the table discussion with the expert

- Talking Trials
  Review of best trials of the year

- Grand Rounds
  Discuss Clinical cases with experts

---

**Cardiology**
- Hypertension
- Heart Failure
- Atrial Fibrillation
- Stable Angina
- Controversies
- Guidelines

**Diabetes**
- Diabetes & Obesity
- Beta Cell preservation
- Diabetes & Heart Failure
- Diabetic dyslipidemia: newer insights
- Diabetic Nephropathy
- Newer Drugs

**Acute Cardiac Care**
- ACS
- AMI
- Acute LVF
- Pulmonary Embolism
- Arrhythmias in ICU
- Stroke Management
INTERNATIONAL FACULTY

NORMAN KAPLAN
Professor of Internal Medicine,
University of Texas Southwestern Medical Center
Lifetime Achievement Award by American Heart Association's Council for High Blood Pressure Research
Is Executive Committee of the American Society of Hypertension since its founding

LARS RYĐEN
Professor Emeritus of Cardiology,
Karolinska Institute in Stockholm, Sweden
Honorary member of the Royal College of Physicians London, UK
Past President of European Society of Cardiology disease

JEROEN BAX
Director of Non-invasive Imaging Laboratory & Echo Laboratory in
Department of Cardiology at Leiden University Medical Center, Netherlands
President of European Society of Cardiology (ESC)
Main interest in research is related to imaging in cardiology

WILLIAM BODEN
Professor of Medicine,
Albany Medical College, Albany, NY
was study chairman for the YANQWISH, INTER CEPT, and more recently, the landmark COURAGE Trial
selected as one of the best Doctors in America continuously since 2003

RALPH ANTHONY DEFRONZO
Professor of Medicine and Chief of the Diabetes Division at the University,
Texas Health Science Center
Received the prestigious Lilly Award (1987) by the American Diabetes Association (ADA)
The Banting Lectureship (1988) by the Canadian Diabetes Association
Novartis Award (2003) for outstanding clinical investigation

STEFANO DEL PRATO
Professor of Endocrinology and Metabolism at the School of Medicine,
Chief of the Section of Diabetes, University of Pisa, Italy
Vice President of the European Association for the Study of Diabetes (EASD)
Awarded with Prize of the Italian Society of Diabetology for outstanding scientific activity

JOHN CAMM
Chairman of the Department of Cardiovascular Sciences and
The Division of Cardiological Sciences St. George's University of London
President of the Arrhythmia Alliance.
Editor, European Society of Cardiology Textbook on Cardiovascular Medicine, Evidence Based Cardiology
NEIL POULTER
Honorary Consultant Physician and Epidemiologist,
Pearl-Rose (Hypertension) Clinic, St Mary's Hospital, London
Former President of the British Hypertension Society (2003-2005)
Elected as one of the Inaugural Senior Investigators of the NIHR in UK, 2008
Elected as a fellow of the Academy of Medical Sciences, 2009.

BRYAN WILLIAMS
Chair of medicine at University College of London and
Director of the university College London, UK
Times Higher Education University Awards, 2011
Sleight Award, 2014 (European Society of Hypertension)

HANNELE YKI-JÄRVINEN
Professor of Medicine at the Department of Medicine, University of Helsinki
Head of the Div. of Diabetes, Helsinki Univ. Central Hospital, Helsinki, Finland
received several international awards including the G. B. Morgagni Young Investigator Award,
Padova, Italy, the 28th Minkowski Award, European Association for the Study of Diabetes, Istanbul, Turkey,
Novartis Award in Diabetes for excellence in patient-oriented research in San Diego, USA. 2008
the Anders Jahre Prize, University of Oslo, Oslo, Norway

FREDERICK J RAAL
Professor and Head of the Division of Endocrinology and Metabolism,
University of the Witwatersrand, Johannesburg, South Africa
received numerous postgraduate awards including the Jack Gear memorial award for medical registrars
and the TH Bothwell Research Prize in 2000

CHRISTOPHER B. GRANGER
Professor of Medicine in the Division of Cardiology at Duke University &
Director of the Cardiac Care Unit for the Duke University Medical Center
Associate Editor of the American Heart Journal
chairman of the Advisory Working Group of the American Heart Association Mission: Lifeline program

PETER GAEDE
Chief physician at the Department of Endocrinology,
Copenhagen University Hospital Slagelse
Specialist in Internal Medicine and Endocrinology
Doctor of Medical Science (highest academic scientific degree in Denmark
Has been a member of the Steno Education Center thereby teaching practical diabetology

ANNA SOLINI
Professor of Internal Medicine and Endocrinology and Metabolic Diseases,
University of Pisa School of Medicine, Italy
Received Parme Diabete Medal (for best Italian young investigator), 1997
Received Hypocrites Prize, 1998
ESC IN COLLABORATION WITH CAD CONFERENCE IS PROUD TO ANNOUNCE THE FORMATION OF

EURO ASIAN ACADEMY OF CARDIOLOGY

INTRODUCING

FOR THE FIRST TIME IN ASIA
UNIQUE TITLE FOR YOUR EXPERTISE

FELLOW OF EURO-ASIAN ACADEMY OF CARDIOLOGY (FEAC)

And

MEMBER OF EUROPEAN SOCIETY OF CARDIOLOGY

Dates: 14th & 15th January, 2017

<table>

|                                   |   • Recommendation letter from fellow           |
|                                   |   of ESC from your city / state                  |

Approximate Cost will be Rs. 95,000/- for three years which includes - FEAC Fees, Conference registration, accommodation.

Express Interest
by Registering at http://cadconference.org/FEAC/registration.html and we will get back to you

In case of any query, call Shweta on 9822203887 from Monday to Saturday Between 11am - 6pm
ESC in collaboration with CAD Conference is proud to announce the formation of Euro Asian Academy of Cardiology.

Introducing
1st Post Graduate Programme in Cardio-Diabetes Therapeutics

Module 1
CVD Prevention & Obesity Management
1st & 2nd October 2016, Mumbai

Module 2
Cardio-Diabetes Therapeutics-I
9 Months Course
3 High Quality Interactive Sessions
3 Online Programmes
14th & 15th January 2017, Mumbai

Module 3
Cardio-Diabetes Therapeutics-II
April 2017, 5 days
Venue: The Historic Royal College of Physicians, London

Eligibility:
- MD Medicine / DNB Medicine with 7 years of clinical experience after post graduation
- 50% of practice in cardiovascular disease and diabetes management

Express Interest:
- Register at http://cadconference.org/cadmumbai/cadreg2016 and we will get back to you.
- In case of any query, call Shweta on 9822203887 from Monday to Saturday Between 11 am - 6pm
Effects of transfer for acute myocardial infarction

A study in Circulation: Cardiovascular Quality and Outcomes reports the differences in post discharge follow up and outcomes between acute myocardial infarction (MI) patients transferred for care or treated at the initial hospital.

Delayed stenting does not improve Myocardial reperfusion

The MIMI trial investigated whether delayed stenting after flow restoration with thrombus aspiration improved myocardial reperfusion compared to immediate stenting in patients with acute ST-segment elevation myocardial infarction.
